https://www.linkedin.com/in/teodora-cozma/

I am an ambitious web developer, consistently learning about various tools and technologies for frontend development. I am looking for an internship in a challenging and professional environment where I will sharpen and branch out my skillset, as well as use my creativity to make meaningful contributions to projects.

PROFESSIONAL EXPERIENCE

SEPT 2021 - APRIL 2022 – JUNIOR WEB DEVELOPER, BECODE BRUSSELS

Intensive hybrid training & applied experience in web development languages and frameworks

Exposure to SCRUM/Agile methodologies

- Acquired technical skills in front and back-end development, as well as solid knowledge of best practices used in the creation of websites and applications, with a focus on responsive design.
- Applied my previously acquired visual arts experience towards the significant improvement of application design and usability.
- Utilized React as the JavaScript framework for front-end development.
- Utilized Laravel as the PHP development framework for back-end development.
- Honed my soft skills to complement my technical skills, in areas such as project team communication, work stream coordination, logical and critical thinking.

FEB - MAR 2021 – EXTERNAL INTERNSHIP AT WIELS CONTEMPORARY ART CENTRE

Document preparation, professional communication

Web-based, Kanban-style application

- Performed the function of exhibition registrar during a month-long internship.
- Prepared necessary documentation for exhibitions, handling data provided by curators and facilitating workflow.
- Used Kanban to organise and clarify the definition of specific tasks and their respective deadlines.

JULY - AUG 2018 – INTERNSHIP AT KOMPLOT ART CENTRE

Project coordination and installation of exhibitions

- Supported the installation of the « DISORDER » room in the *Somewhere in Between* exhibition at BOZAR.
- Performed various functions such as managing and facilitating incoming artists and their works, directing the installations in the exhibition space, while focusing on and adapting to their particular needs and requirements.
